

## Fact Sheet

**Location:**

The beautiful island of Anguilla is located in the British West Indies in the Eastern Caribbean (18.2° North Latitude and 63° West Longitude) just five miles from the island of St. Martin - close enough for easy access, yet secluded enough to feel like the embodiment of paradise on one of the world's most exclusive island destinations. Dubbed "tranquility wrapped in blue," Anguilla is best known for its pristine white sand beaches - 33 in total - and beautiful, clear turquoise waters.

Access to Anguilla is easily accommodated via private jet, American Eagle flights through San Juan, and many direct flights to neighboring St. Martin or through the island hub of Antigua (for access from UK/Europe). A convenient ferry across to Anguilla from St. Martin is also available.

Viceroy Anguilla is located along 3,200 feet of beachfront and bluff-tops on Meads and Barnes Bays, both prime beaches on the coveted northwest shore of Anguilla. Deep-water, coral shelves reside close offshore and remarkable beaches line the 35 acre resort community.

**Concept + Style:**

Viceroy Anguilla Resorts & Residences is a luxury resort community. It represents the pinnacle of understated, opulent resort living on Anguilla, expressed with a distinctive style and essence that has become a standard of the Viceroy brand. Viceroy Anguilla is home to 166 luxury accommodations.

The 35-acre beachfront resort is the only resort on Anguilla situated on two beaches, boasting more than 3,200 feet of frontage on Barnes Bay and Meads Bay, including 1,000 feet of white-sand beach, footpaths and tropical foliage throughout, along with private resort pools.

The gracefully landscaped resort is designed to preserve and enhance the beauty of its natural surroundings, with abundant use of indigenous materials and attention to cultural detail. An on-site reverse osmosis plant produces fresh "spring" water for the resort, eliminating the environmental impact of bottled water. Recycled water irrigates the native flora. A self-sustaining oasis, the resort features modern energy generation systems for emergency back-up power.

In contrast to the traditional, enclosed Mediterranean-style architecture of Anguilla, architectural firm WATG has created an environment that blends modern glamour with a tropical oasis backdrop, featuring high glass walls flooding with natural light and 200+ pools and water features reflecting the Caribbean sun.

With sophisticated and contemporary interiors by Kelly Wearstler, the imaginative eye behind other Viceroy properties, Viceroy Anguilla showcases a relaxed chic sensibility and a unique sense of place. Organic elements such as driftwood lamps, petrified-wood tables and travertine marble floors add a tasteful contrast to the geometric lines of the architecture and grant the property a distinct singularity among its Caribbean neighbors.

Owners and guests enjoy full resort privileges, including restaurant access, concierge services, a wealth of recreational amenities, twice daily housekeeping and room service. Every element of the Viceroy experience is wrapped in a visionary blend of sophisticated design and intuitive, personalized service delivered by a team of natural hospitality professionals.

### **Restaurants:**

Viceroy Anguilla provides an eclectic array of dining ambiances and menu selections - from beachside grills to signature dining, from family-style portions to tapas. Live local music and inspiring architecture complete each experience. Spa cuisine and nutrition-conscious menu items are offered as well.

### ***Cobà:***

This signature restaurant with breathtaking views of both Barnes Bay and Meads Bay, a 180+ seat restaurant with lounge, offers indoor and outdoor dining. Cobà features traditional Italian cuisine, incorporating fresh seafood with home made pastas.

***Bamboo Bar & Grill:***

This casual 100+ seat restaurant features beach-casual grilled cuisine with indigenous ingredients. Steel drums and tiki torches create the ambience for barefoot beach barbecues, complete with local crayfish and lobster.

***Aleta:***

This 200+ seat terrace restaurant serves Caribbean and Continental cuisine for breakfast, lunch, and dinner. Overlooking the sunrise pool, it is centrally located on the resort. A la carte breakfast, complete with fresh pressed juices and elixirs with powerful antioxidant boosters start your day right. For lunch, fresh salads, curries and an assortment of West Indian specials are offered. An a la carte dinner menu features indigenous ingredients from the island, prepared in local fashion.

**Bars and Lounges:**

***Half Shell:***

Carved out of the Cliffside of Barnes Bay, this intimate enclave offers healthy smoothies and European coffee in the morning, a casual and healthy cuisine with a southern Mediterranean / Middle Eastern menu for lunch.

***Sunset Lounge:***

The Sunset Lounge incorporates an infinity pool that overlooks the setting sun. This bar and lounge features DJ-mixes of Calypso and Reggae sounds with a South-Beach-meets-tranquility vibe. A collection of aged rums, Cuban cigars and fine Champagnes are the lounge's specialty. Sushi and light fare are served nightly.

**In-Room Dining  
and Chef's Program:**

With indoor and outdoor dining areas, guests in residence (2 bedroom suites with full kitchen or larger units) have the option of having their meals prepared and served in the comfort of their unit. For guests who wish to exercise their own culinary talent, rooms with full kitchens can be personally stocked with the ingredients they need. Guests in rooms with full kitchens can also have meals catered daily by a personal chef.

**Recreation:**

**Swimming:** Viceroy offers three swimming pools: an adult-only bluff-top infinity pool, a family bluff-top infinity pool with cabanas, and a family beachside pool, as well as 3,200 feet of shoreline and beachfront along Barnes and Meads Bays. The resort's pools and beaches offer a relaxing experience with a trove of pampering services, such as afternoon treats and a dedicated staff.

**Snorkeling:** A swim-through grotto located at the separation point of Barnes and Meads Bays features

phosphorescent fish and coral for some of the best snorkeling in Anguilla.

**Aquatic Centre:** Offers a wide range of non-motorized water sports - including sailing, windsurfing and snorkeling.

**Kids Center** Respecting the environment is the main focus in all supervised activities, such as kite making/flying and sailing (air), sandcastles and pottery (earth), safe-snorkeling and aqua Olympics (water), and Caribbean-style bonfires (fire).

- **“Generation V” - Kids Club: (Ages 4-11)** Pirate adventures, arts & crafts using local techniques and materials, nature safaris to learn Anguilla’s native plants and wildlife, evening theme nights (talent shows, pajama jams, etc) and beach activities (sandcastle contests, beach obstacle courses and seashell hunting). Children must be toilet trained and comfortable around water to participate.
- **Families that Play Together – Stay Together:** Aimed at slowing life down the Caribbean way, for a meaningful family experience filled with laughter, love and learning. Custom days start by preparing locally-inspired picnic lunches with a local chef, water-taxing to a private beach, then setting up with snorkel gear and games.

**Shopping:** A 1,500-square-foot boutique offers a unique selection of women’s and men’s apparel and accessories as well as lifestyle accessories. The resort also features an intimate sundry store.

**Tennis:** Three tennis courts with rental and gear available. Lessons and hitting time with pros are also available.

## **The Spa at Viceroy Anguilla**
